

## pluriSpin® Human NK Cell Depletion (2 ml)

**Order No.:**19-05002-31

### 概要

pluriSpin® Human NK Cell Depletion is designed to isolate pure, viable and untouched nk cells-free population from whole blood, buffy coat, cord blood or similar sample material by negative isolation. The product labels NK cells, while the isolated human nk cells-free population are left in the sample. When centrifuged over a density medium the unwanted cells pellet along with the RBCs. The purified nk cells-free population are present as a highly enriched population at the interface between the plasma and the density medium.

### Additional Information

|        |   |
